Dear Joy

That's terrific news that your film, *Toilers of The Sea* is progressing well. It's a great story and I'm confident that in your capable hands it will be amazing.

It's been a long time since we worked together packaging 'Get Low' and I really appreciated your commitment and input.

I'm so pleased we've stayed in touch over the years and am delighted to know that the passion and dedication you've always shown, is clearly evident in *Toilers*, which I'm sure will be a great success.

Sending you lots of luck.

Kind regards,

Dean Zanuck
