Re- Joy Mellins and David Shanks

April 2021

As Director of Operations. UK and Director of International Operations at Pinewood Studios, I first met Joy and Dave when their production company, Four Plus Films was based at Shepperton Studios, part of the Pinewood group.

I have worked with them, supported them and made introductions over the ten or more years I've known them.

I have always found them to be committed and professional in all their dealings and have gained respect among their peers.

Their experience in film making makes them a safe pair of hands for any project and am confident their latest project Toilers of the Sea, will be an efficient and successful production.

Yours faithfully

David Godfrey
